

## WING HOOK 16/20/25

This hook is designed for the support of the dripline hose. The patented hook prevents the release from the wire or the hose, in the case of mechanized collection. Three sizes available: 16, 20, 25 mm.

## TECHNICAL INFORMATION

Material: Polypropylene copolymer UV and weather stabilized.

MECHANIC FEATURES	UNIT OF MEASUREMENT	VALUES	METHOD
TENSILE MODULUS (E)	Mpa	>850	ISO 178/93
TENSILE YIELD STRENGTH	N/mm <sup>2</sup>	>20	ISO 527/93
ELONGATION AT BREAK	%	>200	ISO 527/93

## PACKAGING:

Minimum packaging: 500 pieces

Pallet: 100.000 pieces
